There were no significant rainfall events during this period. The near perfect weather whites with great freshness, natural acidity and elegance.
VINIFICATION	The fruit for the Cossack Riesling is sourced from our Block 28. The grapes are then harvested early in the morning when they are at their coolest. The juice is then gently separated from the skins, clarified and slowly fermented with careful temperature control. The wine is then bottled young to ensure the freshness of the amazing Frankland River fruit is captured.
CELLARING	Will benefit from careful cellaring for up to 8 years.
WINEMAKERS COMMENTS	The Cossack Riesling is the best Riesling made at Ferngrove. The 2018 vintage was near perfect for ripening and flavour development. We are very excited about the quality of the Cossack Riesling from this vintage.
