VINTAGE	The wetter conditions generated in the previous season delivered excellent water storage volumes across the vineyard. The soil profile also had good levels of moisture, culminating in excellent conditions for the vines during bud-burst. The ripening period was steady with temperatures slightly below average for January and February, and then slightly above average for March and April. The near perfect weather produced reds with intense colour and flavour. 2018 was a great vintage.
APPEARANCE	Pale pink.
NOSE	Rose petals, spring blossom.
PALATE	Soft, elegant, textured palate with fresh raspberry and cherry characters and dry finish.
VINIFICATION	Harvested in the early morning, destemmed and pressed straight through with very little skin contact, racked and controlled fermentation prior to blending and bottling within 3 months to preserve the freshness and acidity.
CELLARING	Drink now while fresh flavours dominate.
WINEMAKERS COMMENTS	This style is all about regionality, freshness and vitality.
SERVE	Serve slightly chilled at 8-12°C
FOOD	Crispy skinned salmon with fennel and orange salad.
